## FLOOD CONTROL IS GIVEN BIG BOOST

## NEGRO WOMAN SLAIN HERE TUESDAY

### MARY RUNNELS IS SHOT TO DEATH LATE TUESDAY

Mrs. Mary Runnels, 74 year old negro woman, was shot to death at 5 p. m. Tuesday shortly after she had engaged in a simple dispute with a neighbor over children using a trail that leads to a water well.

Sheriff Carl C. Black placed Edwin Benjamin, 43 year old negro under arrest and charges of murder have been filed, it was disclosed at the office of County Attorney Ed Gunn.

According to officers the Runnels and Benjamin homes are located on 15th Street. Late Tuesday afternoon, grand children of Mrs. Runnels who live in her home, were on their way to the water well. The trail, said officers, leads across the Benjamin property and he objected to the children crossing over his property.

County Attorney Gunn said that Benjamin ordered the children off the trail and on hearing the fuss Mrs. Runnels came into the yard of her home and entered the conversation. According to officers she returned to the house and came out with a shot gun, but made no effort to fire on Benjamin.

Seeing the gun, said officers, Benjamin went into his house and came out with a single barrel shotgun and fired on Mrs. Runnels. She was struck in the head by the discharge from the gun at a distance of about 30 feet and was killed instantly.

### NEW SHIP NAMED FOR CAMERON SURGEON

The "Doctor Billy" elaborately built trawler, was launched at 10 a. m. Saturday at the Galveston ship yards.

The ship was named in honor of Dr. W. R. Newton, of Cameron, widely known surgeon. Known to thousands of friends as Dr. Billy the new ship was given the more familiar name.

Dr. Newton was in Galveston and performed the traditional christening duty by breaking the bottle of champagne across the bow.

The ship was built by Capt. Carl Muchowich & Sons of Freeport.

The trawler is a 65 foot vessel and will be used in coastwise commerce.

The ship is the most beautiful and most elaborate such vessel on the entire coast and is equipped with all modern devices, including a new radio telephone set up that can talk to any home anywhere in the land. The boat is also unsinkable and is luxuriously furnished for complete life aboard.

The ship will be put into service in a shrimp fleet following its launching Saturday morning.

### Homer Nabours Ill In Temple Hospital

County Clerk Homer Nabours is ill in Kings Daughters Hospital in Temple.

Mr. Nabours went to the hospital several days ago for treatment following an ailment and is reported to be making some progress.

Friends here and over the county were hopeful that he may soon return to his post of duty.

## 2 BRIDGES AUTHORIZED

### CONSTRUCTION DUE TO BEGIN ON MARCH 16

An important development in highway construction was the authorization of bridges on Highway 77 over Elm Creek and Walkers Creek.

This week construction crews are moving in and work was due to start on March 16.

Leo Covan, with the Highway Department and supervisor, was in Cameron last week in connection with the forthcoming construction.

## H D CONVENTION IN CAMERON APRIL 19

### HOUSING FOR DELEGATES STRESSED BY CHAMBER

Cameron will be host to the Home Demonstration Club Convention in April and already the Chamber of Commerce is mapping out housing plans for the delegates.

Anticipating a large number of delegates L. G. Smith, manager of the Chamber of Commerce said:

"The Chamber of Commerce and Milam County Home Demonstration Clubs are requesting citizens of Cameron to assist in accommodating Club women for the Home Demonstration Club convention, April 19 and 20.

"Hotels and tourist courts can not accommodate more than half of the women expected to attend and any family desiring to assist, by providing room accommodation are requested to call the Chamber of Commerce at 101. Delegates will be in Cameron the night of April 19 only and will pay for the use of rooms in private homes."

### BOB TERRY IS ASKING FOR ANOTHER TERM

Bob Terry, veteran member of the City Council, is a candidate for reelection to another term in the office and has requested publication of the announcement.

Mr. Terry in seeking re-election is responding to the solicitation of his many friends throughout the city who point to his record of service as a member of the council and that his experience will enable him to render better service.

Mr. Terry, a business man, said Wednesday that he greatly appreciates the pledges of support from his friends and is thankful for the commendations that have come to him for the years of fine service he has rendered the city.

The election is to be held on Tuesday April 5, the office of Alderman is an important one in relation to the conduct of the affairs of the city. Mr. Terry will greatly appreciate your vote and support and pledges you that he will continue to serve you as he has in the past, faithfully and with complete loyalty to the best interest of all the people.

### Housing Needed For Highway Construction Crews Moving In

Housing is badly needed for construction crews now moving in for work on the causeways over Elm Creek and Walkers Creek.

As yet there is no definite number of housing units needed but those who have space to rent should contact sources who could bring these housing spaces to the attention of the crews.

C. W. Hudson is assisting and has asked that anyone who has a furnished room house, or apartment call him at 753.

### Rotary President

ANGUS S. MITCHELL

Angus S. Mitchell of Melbourne, Victoria, Australia, is President of Rotary International. He has been a member of the Rotary Club of Melbourne since 1927, and is a past President of that club. He has served Rotary International as Director, District Governor, committee chairman, and as Honorary Trustee of the Rotary Foundation.

### Rotary Secretary

PHILIP LOVEJOY

Philip Lovejoy is Secretary of Rotary International, which comprises more than 6000 Rotary Clubs in 8 countries and geographical regions with a membership of 310,000 business and professional executives.

### LAFF IT OFF BIG FUN FEST OPENS THURSDAY

"Laff It Off" sensational mirth event, to be staged at the High School Auditorium Thursday and Friday night, March 17 and 18, has many outstanding features.

The entertainment for the benefit of the building fund of the Veterans of Foreign Wars, is being directed by Cecile Carol.

Special costumes will be worn by the girls as they impersonate a professional dancing chorus and do clever routines.

A wedding scene in which all of the characters including the bridegroom and the preacher sing and dance their way through a ceremony is an outstanding production number and the chorus girls who have been chosen to take part in it are: Barbara Walton, Mary Jo Clements, Jo Ann Gibson, Doris Jean Partee, Betty Clark, Billie Fletcher, Estelle Glaser, Nancy Martin, Janie Storey, Lillie Belle Kennon, Nora Frances Price, Bobbie Burnett, Edna Peed, Rita Wheeler, Jo Ann Carter, Minnie Alice McLane. As the flower girls Ann and Laura Swift will have an important part.

To Mrs. Clifford Swift goes the heartfelt thanks of director and cast for the wonderful accompaniments she is playing for the show.

### AUSTRALIAN LEADER TO OPEN DISTRICT MEETING

WACO, March 15—For the first time in Texas Rotary history the President of Rotary International will be present at a District Conference when Clubs of the 131st District assemble here March 27, 28, 29.

R. I. President Angus S. Mitchell of Melbourne, Victoria, Australia, will address the 131st District Conference Monday morning, March 27 following a ceremony at Waco Hall, Baylor University, in which he will receive an honorary degree from the oldest institution of higher learning in Texas.

The degree will be awarded by Dr. W. R. White, Baylor president, acting for the school's board of trustees.

Also present for the 131st District Conference will be Philip Lovejoy, secretary of Rotary International. Lovejoy will be principal speaker Monday evening at a Conference dinner to be presided over by District Governor Oliver Harris of Taylor. Lovejoy is considered by many to be the best informed of all Rotarians. His daily work keeps him in contact with 6,400 Rotary clubs in 80 countries, with a membership of 310,000 business and professional executives.

The Conference Dinner will be followed by a dance to which all Rotarians and their wives, who register for the convention, are invited. The dinner and dance will be held at one of Waco's exclusive supper clubs.

Monday noon a conference luncheon will be held at Baylor University's new Union Building, one of the most beautiful of its kind in the entire South. President White of Baylor, an active Rotarian, will address the luncheon.

Wives of visiting Rotarians will be guests at a tea sponsored by Waco Rotary Anns, and will visit the World-famous Baylor Browning Room. Other entertainments are planned for the women.

Highlight of the business meetings will be election of the District Governor who will become the official representative of District 131 at the Rotary International Convention June 12-16 in New York.

Waco Rotary Club will be host to the District Conference. Past District Governor Hubert Johnson is heading the arrangements committee locally. Jack Dillard is president of the Waco Club.

### Negroes Report \$135 On Red Cross Quota

Negro Red Cross workers have reported \$135 thus far in the current drive for funds, it was reported by Miss Myrtle Hinton, publicity.

The negro citizens mapped their own campaign and are following the general plan of assigning territory to a number of committees and leaders.

### \$3,417 REPORTED ON RED CROSS QUOTA

Miss Myrtle Hinton at the Cameron Hotel, Publicity Director and Reporter, said early Wednesday that \$3,417 had been received and deposited.

More than half the quota for the county has been raised and a number of communities have not been heard from.

The committees to canvas the business section of the city to give all an opportunity to contribute, were due to begin Wednesday and by nightfall might have something very encouraging to report.

The committee directing the special gifts campaign met early Wednesday. They are A. W. McCullin, Albert Collins and B. F. Reichert.

### Grady Stidham After 30 Years Thanked For Part In Rescue At Sea

A lengthy communication signed by 45 members of the crew of the U. S. S. James, has been received by Grady Stidham of Cameron, as a measure of thanks for his share in a daring sea rescue 30 years ago.

Mr. Stidham, who served in the Navy during World War I, must have concluded that all incidents of the campaigns were behind him but he is now thanked for an exploit at sea on April 28, 1919 when his ship the U. S. S. Marietta participated in saving the entire crew from the sinking James off the coast of Brest, France, in a storm.

The communication addressed to Lt. Commander H. G. Hamlet, Commanding Officer of the Marietta is dated May 7, 1919.

The photostat of the letter of thanks was received this week by Mr. Stidham.

The letter in part runs as follows: "When it seemed that all chance of being saved was gone and that a number of us would be lost, your valor and coolness during this period of extreme stress showed itself; and, owing to the heroic measures and daring chances taken by you and the stick to it methods employed in the work of the rescue, not a man of the James was lost. In addition to the fine treatment received on board the Marietta after being picked up and the earnest and zealous efforts that were made in our behalf, makes us humbly grateful to you and every officer and man on the ship."

Thus after 30 years Mr. Stidham hears an echo from the past, recalling the story of the rescue at sea of an entire crew of a ship that went down in a storm.

### AUGUST HORSTMANN ASKING RE-ELECTION

August Horstmann, for years a member of the City Council, is a candidate for re-election to the post of Alderman, subject to the general election to be held on Tuesday April 5.

In making his announcement for re-election Mr. Horstmann yields to the solicitation of many friends who appreciate his services on the council where he has served for a long period of time and in responsible positions.

Mr. Horstmann as chairman of the Street Committee has had a lot of hard work along with his position on the Council. A business man he understands the fundamentals of government and how it should be administered.

His many friends point out that as a member of the council for so long, he has acquired a fine understanding of the administrative details and as a result of his experience will be able to render a better service.

Mr. Horstmann will greatly appreciate your vote and support and pledges the people he will continue to serve them as faithfully and loyally in the future as he has in the past.

### 2 More Communities Send Red Cross Funds

Two more communities have reported Red Cross Funds.

They are Rockdale and Thorndale. It was not known whether the canvass there has been completed.

Rockdale reported \$722.16 and Thorndale had collected \$271.40.

These amounts have been included in the total of \$3,417 reported to date by Miss Myrtle Hinton, Publicity Director.

### 100 MILLIONS BRAZOS TRIBUTARIES ASSURED

The project for six additional dams on Brazos river tributaries in Central Texas, including one on the Lampasas river and the Proctor dam upstream on the Leon, began the long march through the Washington mill Monday.

The project, estimated to cost more than \$100,000,000 was announced Monday as fully approved by U. S. army engineer headquarters in Washington, Rep. W. R. Poage announced. Mr. Poage has been working on the project since he first went to congress in 1937.

Dams included in the long-range project are: Waco reservoir on the Bosque; Proctor reservoir on the Leon, upstream from the Leon dam on which work is now starting; Lampasas reservoir on the Lampasas; Lanport reservoir on the San Gabriel; Somerville reservoir on Yegua creek; Ferguson reservoir on the Navasota. Also included are an \$866,000 channel-improvement project on the Lampasas at the city of Lampasas, and a levee-improvement project in Burleson county near Bryan.

"This program, when completed, should provide as complete protection against floods as is possible, with the exception of flash floods," Mr. Poage said. "It would insure cultivation to completion of crops on many thousands of acres of Texas farmlands which now almost annually face floods."

He said the program will be pushed through the house public works committee, but may encounter some delays this year as the army engineers still have two weeks of work to do on it, and then it must have the approval of the Interior department, Federal Power commission and Budget bureau before it can be submitted to congress. In congress, it is virtually certain the project will have to take its place in line behind other waterway projects already approved by congress, but for which no money has been appropriated.

### FARM MEETING HERE THURSDAY NIGHT

An important meeting of farmers is to be held in the Court House in Cameron Thursday night, March 17. Dr. H. G. Johnston of Texas A&M will be here to discuss grasshopper control.

The Milam County Farm Bureau is taking an active interest in the meeting and have notified the entire membership.

Mrs. James Elrod, Secretary of the Farm Bureau, said early Wednesday that F. Brison of A&M College will be here also to talk about gardens and truck patches. This talk will be of interest to the women.

### CITY ELECTION WILL BE HELD ON APRIL 5

Four candidates for Aldermen had filed for the Tuesday, April 5th election, it was disclosed by W. H. Stafford, City Secretary.

Saturday, March 5 was the final date for filing. The election will be held on Tuesday, April 5. No primary was held and the ballot was open and will be a general election poll.

Milton Schiller, young Cameron business man, associated with his brother, Jerry Schiller in the Jerry Schiller Motor Company, Dodge Dealers, filed for a place on the Council. Other filings are incumbents who are candidates to succeed themselves:

Bob Terry, Cameron grocer and veteran member of the Council; August Horstmann, also a veteran member of the Council and long time business man, part owner with his brother of the Horstmann Bros., Tire Store and Hudson Agency; and John C. Andres, serving his first term on the Council, widely known business men here and civic leader, with Culpepper's.

No primary was held as has been the custom in off political years. Three are to be elected and no place filings will be on the ballot. The three high will be elected.

## STATE TO AID VETERANS TO BUY TEXAS LANDS

AUSTIN, Feb. 23.—On the way to the floor of the senate without a dissenting vote in the senate state affairs committee, is the veterans' land bill. It's a measure to implement a constitutional amendment adopted by the people in 1945.

Two years ago Senator R. B. Cousins of Beaumont tried to push through the measure, which is a favorite proposal of Land Commissioner Giles. But the bill got bogged down two years ago and so, here it is again. This time the Cuero senator, John Bell, is carrying the ball.

Though the measure obtained committee approval by unanimous vote, it had rough going to the last.

As written, the bill simply provides for purchases and resale of land to veterans. Senator Dorsey Hardeman of San Angelo wanted this more restrictive. He offered an amendment limiting the sale to disabled veterans.

The veterans' land amendment sets up a revolving fund of \$25,000,000 with which a state board is to buy land and resell it to veterans. The veteran is to pay 10 per cent down and then he has 40 years in which to pay the balance, at 4 per cent interest. The board is composed of the governor, the attorney general and the land commissioner.

George Berry of Lubbock gave the bill the legion's hearty indorsement, though he urged several minor amendments. He pointed out that already more than three years have elapsed and the life of the amendment is only 10 years, so he urged all possible speed in order that it may do as much good as possible for the veterans.

## The Leo Fuchs' Home From Fort Worth Feed Dealers Meeting

Mr. and Mrs. Leo Fuchs of Cameron have just returned from Fort Worth, where they attended a conference of several hundred Purina feed dealers. Feed dealers from Texas and Oklahoma were present at the conference where they were told of the newest developments and trends in the feed industry and new ideas in scientific farm management.

L. C. Stevenson, of St. Louis, Missouri, Ralston Purina sales manager for the southern region, sounded an optimistic note for farmers as he reviewed the prospects for 1949. He pointed out that feed prices should be lower during the year while the demand and prices for meat, milk and eggs are expected to remain good. Citing opportunities for feed dealers to serve farmers, he said that a record number of chicks will be hatched and started this year and an increase in the number of pigs farrowed on the nation's farms is expected. To help feed this increased poultry and livestock population and add to the world food supply is the job the feed dealers have ahead of them for 1949.

This feed dealer conference was the first to be held since 1941. Since that time the commercial feed industry is reported to have increased its output from 13 million tons to 30 million tons a year, proof that farmers in this area and throughout the country are giving more attention to a scientific program of feeding, management and sanitation to produce more meat, milk and eggs.

## Reburial Sunday For Rosebud Mayor

ROSEBUD, March 4 — Reburial services for Mayor Jackson McLane Tarver, who was drowned in the Philippines Oct. 22, 1945, are scheduled for Sunday at 2:30 p. m. at Nicholson funeral home in Rosebud with Rev. Theodore A. Binford, pastor of the First Baptist church, officiating.

Before going into the service, Mayor Tarver was mayor of Rosebud. He was reared here and graduated in 1929 from Rosebud high school and from A&M college in 1933 with a bachelor of science degree. From 1938 to 1942 he was director of the Planter's National bank and vice president of Tarver-Henslee company.

## China Presses Plea For American Support

China is pressing a four-months old plea for a formal statement of American support for the nationalists diplomatic authorities reported today. They said there appears as little likelihood it will be issued now as when Generalissimo Chiang Kai-Shek addressed the plea to President Truman last fall. Presumably it has been revived by ambassador Wellington Koo in talks with secretary of State Acheson and other officials.

Printing is a home industry.

## CAPT. FRENCH WOUNDED ON ROUTINE FLIGHT

SEOUL, Feb. 19 — An American Army captain was wounded seriously by rifle fire today while flying along the border between North and South Korea.

The U. S. Army reported 10 shots were fired at his small plane a few miles east of Kaesong, a border city, shortly before the United Nations Commission on Korea visited the border.

The captain was hit in the leg and stomach. The Army withheld identification until his relatives are notified. It was learned reliably, however, that he is Captain Keith A. French of Rosebud, Texas, whose wife is visiting a sister at 654 Robert Drive, Corpus Christi, Texas.

The Army reported that the captain landed the plane on a strip near Kaesong, was given emergency treatment and then was flown to an Army hospital near Seoul.

The United Nations Commission learned of the incident from Korean police and then went to a hilltop near Kaesong to view the border. Later, the commission drove to Paekchon, where North Korea soldiers three weeks ago burned a resort hotel used as police headquarters.

An Army spokesman said the captain was on a routine reconnaissance flight which was not connected with the commission's field trip.

North Korea is governed by a Communist regime which was established after the creation of the Republic of Korea in the U. S. occupied South. The U. N. Commission is here in an attempt to unify the country.

## TRUMAN IS ASSURED ON BUSINESS OUTLOOK

WASHINGTON, March 2—President Truman's economic experts assured him today that business conditions are "still very good, bright and promising."

To double-check their analysis, it was disclosed meanwhile that Mr. Truman has been meeting on his own with various industrial and financial leaders to get their ideas on the state of the nation's economic health.

The White House maintained a strict silence on what was said at these informal, closed-door sessions. It said the aim of the night-time conferences at the Blair House was to keep the President informed on all phases of the situation which has been somewhat unsettled because of the slump in market prices and a rise in unemployment.

But Leon Keyserling, vice chairman of the President's council of economic advisers, told reporters after a White House call today that the business outlook remains "very good."

Mrs. Leona Walton and daughter Barbara spent Sunday visiting Mrs. Walton's mother in Copperas Cove.

Edward Senkel of Buckholts was in Cameron on business Monday of the past week.

J. F. Bartek of Buckholts made a business trip to Cameron one day this week.

201 S. TRAVIS

CAMERON, TEXAS

This sweeping story of Boys Ranch starring Audie Murphy, most decorated War Hero, features a cast of your favorite artists, opens at the Cameron Theatre Thursday, March 17.

From the opening scene to the closing seconds, "Bad Boy" teems with action the like of which you've seldom seen! You'll see Audie "Bad Boy" Murphy hand out the most brutal beatings ever to take place on the screen . . . you'll see a bold hold-up attempt of guests in a fashionable hotel . . . You'll see the "Bad Boy" at his worst in fights with lads at Boys' Ranch . . . You'll see daring robberies . . . You'll see an exciting chase in speeding automobiles on a Texas highway . . . And you'll see a breath-taking gun fight when the "Bad Boy" is trapped by the police! "Bad Boy" sets a record-breaking pace that'll tax your heart!

Tops in thrills is the conversion of a "Bad Boy", who is well on the road to the reformatory, into a useful, law-abiding citizen. The faith that the head of Boys' Ranch has in the corrupt lad when the hope of saving him seems completely lost, will be a lesson in humanitarianism not easily forgotten. Sure to touch the heart of every person is the scene showing the converted "Bad Boy" parading as a cadet on the grounds at Texas A&M, given an opportunity by the Variety Clubs of Texas.

You'll despair as the "Bad Boy" does everything to disprove Marshall Brown's belief in the lad's innate goodness. Your hope will reach a low ebb when this boy uses Boys Ranch as a front to continue his criminal doings. The suspense will grip you tighter as Brown, never willing to give up, turns sleuth to discover the cause of the "Bad Boy's" warped life. And the terrific anxiety which has been built to an unbearable peak, doesn't subside until the "Bad Boy" is converted in a dramatic finish.

There could be no greater purpose than the showmen of Texas assisting in the exploiting of this great picture of Boys' Ranch. All of you know

that the Variety Club operates this Ranch for the building of useful citizens for the future. Every ticket that you sell for "Bad Boy" helps the under-privileged boys at Boys' Ranch.

### NEAR HALF RED CROSS FUNDS STAY IN COUNTY

When you contribute money to the Red Cross you are in fact building your own local guarantee that funds will be available in the event of any dire need or disaster in your community.

A. W. McCullin, campaign director for Milam County in the 1949 drive for funds, has pointed out this significant fact so that all may have complete information.

Mr. McCullin said that 49.4 per cent of every dollar you give to the Red Cross remains in Milam county, the remainder being remitted to National Headquarters. The percentage of funds retained locally is larger in relation to Red Cross liberality than any other organization, especially in view of the fact that the American Red Cross functions on a world wide basis and is first on the scene of disaster anywhere in America to justify the name The Greatest Mother in the World.

Mr. McCullin, in the organization meeting, said that Milam county had been deficient in its quota requirements since 1946. There was every indication that this situation would be corrected this year.

The quota for the county is \$5,740.00 and of this amount substantially \$2,900.00 will be held in the local banks for use among the people of the county wherever need may arise. Remember when you give to the Red Cross you give to your neighbors and your community.

Guests in the home of Miss Lillian Atkinson for the week end were, B. P. Atkinson, Sr. and Mrs. Tidwell of Austin, B. P. Atkinson, Jr. and wife of Houston.

## BATTETOWN BAPTIST GET NEW BUILDING

The Battetown Baptist Church is nearing the completion of a new and modern educational building for Sunday School and Training Union work. The new building will fulfill an important need of the rapidly growing church under the leadership of Rev. Bill Mahaney, Pastor.

The building is 150 x 120 feet, has a hall, entrances and will house five rooms for Intermediates, Junior, Primary, Beginners, Young People and Adult departments. The exterior of the building is white finish and the interior is of Textone.

The building is modern in every respect for a church of its size and when completed will cost approximately \$1600.

The Building Fund committee was composed of Jess Holloway, Love Reveille, Mrs. B. C. Caldwell and Mrs. Dwight Price. H. H. Harber is in charge of construction work.

Rev. Bill Mahaney is pastor of the church. H. H. Harber is Sunday

School Superintendent, B. C. Caldwell is assistant Sunday School Superintendent, Mrs. Dwight Price is church clerk, Church Secretary and Treasurer is Mrs. H. H. Harber, Pianists are Mrs. Harber and Mrs. Price. The Pastor's advisory committee is composed of H. H. Harber, B. C. Caldwell and Jess Holloway.

Mrs. Dwight Price is W. M. U. President. Church trustees are Rev. Bill Mahaney, Jesse Holloway, Homer Lee Harris and J. Y. Houston. Executive Bond Member is J. T. Gaines. Teachers in the Sunday School are Mrs. Dwight M. Price, Mrs. J. T. Gaines, Mrs. B. C. Caldwell, Mrs. Bill Mahaney and Jess Holloway.

During the past eight months of the ministry of Rev. Bill Mahaney, the church has experienced growth with 39 new members added to the membership.

A church library has been added, the Baptist Standard is sent to each church family, a sun beam Board was organized, new furniture added including a new communion service, offering plates and two pulpit chairs. The church is maintaining a well

rounded program and is a full time church.

Rev. Bill Mahaney as pastor also finds time to serve as vice moderator of the Milam County Baptist Association composed of 26 churches.

Rickie Pavlas, little son of Mr. and Mrs. E. J. Pavlas of Rockdale is ill and in Newton Memorial Hospital for treatment.

Mr. and Mrs. Allen D. McAshan and sons of Houston, Miss Josephine Wohlleb of Beaumont, Mr. and Mrs. Ray Robinson of Temple, Mr. and Mrs. Bob Alford of Temple attended the funeral of Rudolph Wohlleb in Cameron the past Sunday.

THE MILAM THEATRE  
THURSDAY AND FRIDAY, MARCH 18 and 19

# The New Plymouth

Brilliant new styling is combined with outstanding riding comfort, increased roominess, and sweeping mechanical improvements in the new line of Plymouth automobiles.

Completely redesigned, the new Plymouth has a longer wheelbase for a better ride and more road stability, but less front and rear overhang for easier parking and garaging. While the silhouette has been lowered and the width decreased, there is more head and leg room and seats are wider. Typical of Plymouth's many refinements is the ignition-starter combination, with which a turn of the key starts the engine.

The new Plymouths are sleek in appearance. New rear-end styling provides a graceful balance with the horizontal grille lines which emphasize the broadness of the front. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal panels so costly to repair or replace.

The new Plymouth line includes nine distinct automobiles. Special deluxe and deluxe types are on a 118-inch wheelbase,

one inch longer than last year's. Special deluxe models are: four-door sedan, club coupe, convertible club coupe and station wagon. In the deluxe group are the four-door sedan and the club coupe. In addition, Plymouth will build three deluxe models on a brand new 111-inch wheelbase, a two-door sedan, a three-passenger coupe, and a new body type, the Suburban.

The 97-horsepower engine has improved performance and efficiency with a new design cylinder head which increases compression ratio 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster throttle response.

Body styling which produces greater passenger room without excessive bulk also increases visibility. V-type windshields have 37 per cent more area and provide excellent vision without distortion. Windshield wipers clear 61.5 per cent greater area and the rear window is 35.4 per cent larger.

Are your valuables still there?

Your deeds, bonds, insurance policies, and other important papers kept at home can be burned, lost or stolen in a matter of minutes. Better rent a safe deposit box and stop worrying about valuable possessions.

Others who were with the C. E. Russell family were: Mr. and Mrs. R. W. Hopper of Houston, Mr. and Mrs. C. O. Lock, Corpus Christi, Earl Richerson, Port Arthur; Haley Richerson, Rosebud; Mr. and Mrs. Lee Lock and family of Sharpe; Mr. and Mrs. W. G. Lock and daughter of Rogers; Mr. and Mrs. G. W. Lock and son, Belton; Mr. and Mrs. Emmett Yancy of Abilene; Mr. and Mrs. Noble Tutstone of Tuscola, Rev. O. B. Yancy of Brownwood, Mr. and Mrs. Chester Richerson of Temple, and Elvis Lott of Corpus Christi. All attended the funeral of Lt. Winfred Russel, son of Mr. and Mrs. C. E. Russell.

Mrs. Donna Bosman and Miss Angie Palansky of Dallas, Mr. and Mrs. Kermitt Fuller of Waco were Sunday guests in the Mid Fuller home and attended the funeral of Lt. Russell.

Mrs. Earl Moseley Heads Easter Seal Sale In County

Mrs. Earl Moseley will head the 16th annual Easter Seal Sale, it was announced today.

Involving an estimated 65 handicapped persons in Milam county, Mrs. Moseley pointed out that the Easter Seal program is part of a nationwide campaign to provide funds for services to the handicapped. During its 15 years of service the Milam County Child Welfare society has aided more than 300 crippled children and adults in this county.

The society is one of more than 2,000 affiliated member units of the National Society for Crippled Children and Adults. This year's Easter Seal drive opens March 17 and ends Easter Sunday, April 17.

CARD OF THANKS

We desire to express to our friends and neighbors our sincere feeling of gratitude for their kindness and consideration of us during the recent illness and at the death of our loved one, R. L. Baker. We will hold in grateful memory all who sought through sympathy and kindness to help us bear the burden of sorrow. We thank all those who gave flowers to express sympathy and who in any way assisted us. We want to thank the Green Funeral Home and Rev. H. C. Welch for their assistance.

Mrs. R. L. Baker and family.

BTU Contestants Are Named Here Sunday

Baptist Training Union contest was held Sunday evening.

Miss Joyce Allison and Miss Barbara Burts were winners of Intermediate Sword Drill Contest. B. R. Fletcher, young peoples Better Speech contest used as subject, "Living for Jesus". Clyde Cummings the young adult Devotional Contest subject, "The New Testament Doctrine of Stewardship".

These four representatives will represent the Cameron Church at the Milam County BTU Elimination in Thorndale March 20 at 3 p. m. competing for County honors.

WHITACKER CASE SET

Earl Whitacker under indictment for altering a check given him by Mrs. Rosie Riola, will be tried here on March 17. Judge Patterson of Marlin will preside in District Court. Camp & Camp are representing Whitacker.

COURT REVISES DECISION ADMITS LAW VIOLATED

The Court of Criminal Appeals has revised its decision in the Dr. Ola Massey case at Austin, it was said here Thursday.

The court recently held that in the conviction of Dr. Massey on charges of kidnapping for the purpose of extortion evidence failed to show actual guilt under the law.

In the revised decision the court now holds that violation of the statute was proved in the trial here but that the court erred in its charge.

As a result of this revised decision the case will come back for retrial. The Court at Austin in finding that errors occurred in the charge to the jury, was taken to mean that the case will be remanded for trial.

Former County Attorney Bill Morrison recently appeared before the higher court on a motion for a rehearing when the court held that the trial here failed to prove intent to extort. The present status of the case will call for a re-appearance of the County Attorney in Austin.

Dr. Massey was convicted here on a charge of kidnapping her late aunt Mrs. R. H. Johnson, for the purpose of extortion. Valuables including a diamond brooch were missing after Mrs. Johnson was taken, against her will, to a Waco hospital and there detained.

The case will be tried again and Ed Gunn, county attorney, will now be representing the state. Dr. Massey will be represented by Camp & Camp and Attorney Beard of Waco.

Edith and Barbara Walton spent Sunday in Temple visiting relatives.

Fellowship Dinner At Christian Church Friday Night, March 18

The monthly Fellowship dinner of the First Christian Church will be held Friday evening of this week, at 7:30.

This is to be a very special affair in that the entertainment is to be on the professional level. A covered dish dinner will be served after which will be the hour of entertainment.

The entertainer is to be Gus Ramage and his bag of Magic and his stooge, "Johnny". Professionally they are known as, "Gus and Johnny". This features acts of magic and ventriloquism. They are not new in Cameron as they performed here in September before the Lions Club.

This entertainment, if purchased by you would cost at least \$2.00. Friday night the public is invited to be the guest of the church. Your price of admission is a dish of your favorite food and the capacity for fun. This dinner is open to the public as well as the entertainment.

WENDELL CARR, Pastor

HOME AND AUTO SUPPLIES

NEW 1949 PLYMOUTH  
ON DISPLAY FRIDAY

The new line of Plymouth automobiles, with outstanding mechanical improvements and up-to-the-minute styling, make their appearance in dealer showrooms here and throughout the United States Friday, Carroll M. Green, Manager, Green Motor Co. announced today.

Completely redesigned and streamlined, the new Plymouth contains a 97-horse-power engine which is smoother, livelier, and more economical. Other changes make notable contributions to beauty, safety, and passenger comfort.

Wheelbase has been increased for a better ride and more road stability but at the same time the over-all length has been reduced for ease of handling. Although lower and narrower, the new bodies provide greater interior room for passengers. The car's appearance reflects a complete change from last year's models. The Plymouths may be seen at Green Motor Co., Cor. Howell & 7th, Cameron.

Designers have achieved a "common sense" streamlining in which ease of handling, safety and comfort have received strong consideration. Fenders which blend perfectly into body lines are nevertheless separate and detachable, thus avoiding sheet metal masses so costly to repair or replace.

Increased visibility is provided in the windshield which is 37 per cent larger and the rear window which is 35.4 per cent larger. Windshield wipers clear 61.5 per cent greater area.

Sedan seats are wider and deeper, both in front and rear. The width of both cushions has been increased (5" in front, 6" in rear—front seat width 56", rear seat width 57") with panels and arm rests so located as to take maximum advantage of the interior space. Rear seat room in the Club Coupe has been increased to the equivalent of the Sedan. There is more head and leg room in the Sedan rear seat.

The new Plymouth line includes nine distinct automobiles. There are four special deluxe and two deluxe types on a 118-inch wheelbase, one inch longer than last year's. In addition, Plymouth will build three deluxe models on a brand new 111-inch wheelbase. This wheelbase group consists of a two-door sedan, a three-passenger coupe, and a new body type, the Suburban.

Available on the 118-inch wheelbase will be a club coupe and a four-door sedan in the deluxe series, while the special deluxe group will include both the club coupe and four-door

sedan in addition to the convertible club coupe and the station wagon.

Engine performance and efficiency has been improved with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster response to throttle opening.

The longer wheelbase allows a "cradle ride," as passengers are more nearly centered between the axles. Another contribution toward smooth riding qualities is the addition of diagonally-mounted shock absorbers at the rear of the car, greater rebound control in the front shock absorbers, and the newly designed rubber limit bumpers. The new shock absorbers also allow greater road clearance and reduce sidesway.

Interior design of the Plymouth provides many driver and passenger comforts and conveniences. Sedans have the rear door hinged from the center post for easy entrance and exit. The seats, front and rear, have a three-pillow cushion while seat backs have a full pillow on each side and three vertical pipes in the center. Imitation leather kick pads are carried around the seat bases and on the door base. New, more rugged window regulators close or open windows with half the number of turns formerly required. Instrument panels with a new grain have been redesigned and relocated for ease in reading gauges. The glove box latch has been designed to reduce theft of articles from parked cars, and the ignition cable has been heavily armored from the ignition switch through to the engine compartment as a safeguard against car theft.

A new automatic electric choke, of the same type used on other Chrysler Corporation cars, has been added. Among the outstanding innovations is the combination ignition and starter switch which completely eliminates the starter button. The car starts by turning the ignition key slightly beyond the "ignition on" position. When released, the key automatically returns to "ignition on" position. The device is not only a driver convenience, but makes it impossible for children to move cars which are parked and left in gear by accidentally pushing the starter button.

A new fresh air car heater, which steps up defrosting and more readily removes window fog, is available in three models. Located under the hood, the new heater operates quietly and is easily installed. It may be used in warm weather as a fresh air circulator.

New seat cushion construction allows the addition of extra spring coils to reduce the softness of the cushion and to provide greater support, if needed.

There are numerous improvements in the new Plymouth's electrical and lighting system. Headlights equipped with a bulls-eye lens in the center of the sealed-beam lens provide substantially increased light output. Plastic lenses have been installed in the stop, tail, and parking lights. The lenses are more resistant to breakage, and provide better sealing at points where dust and dirt might enter. A new enclosed circuit breaker, interchangeable with those used on other Chrysler Corporation cars, eliminates the need for replacing lighting system fuses.

The addition of a 10,000 ohm suppressor permits the use of a larger initial spark plug gap, resulting in

improved idling and low speed, light load performance. The push-pull type of switch for headlights, panel lights and heater has been replaced with rotary-action, dust-proof switches, and a new magnetic-type fuel gauge gives immediate reading when the ignition switch is turned on.

Winter Peas Grow  
5½ Feet On Tomek  
Farm Near Cameron

The Magic Soil Belt of which Milam county is the center, has done it again.

This time a cover crop on the Frank Tomek farm west of the city in the Elm Ridge Community.

Mr. Tomek brought some June winter peas in Wednesday. They were 5 and a half feet high. He has 18 acres and will turn them under before planting cotton.

Alva E. Sanders, manager for the Government Agricultural offices here, brought the display to The Herald.

Red Cross Campaign  
In Cameron Making  
Fine Progress

Albert Collins, member of the special gifts committee in the current Red Cross canvas for funds in the city of Cameron reported Wednesday that a total of \$972.00 had been received in checks.

A letter was mailed asking special contributions and the result has been most gratifying said Mr. Collins. The amount already received is substantially half of the \$2000 quota for Cameron.

Mr. Collins explained that the special gifts plan is one phase of the canvas. A block by block canvas will be made so that everyone will be given an opportunity to give.

Mr. Collins said that it was expected the goal would be reached by March 15 and this will be something like a record for rapid completion of a Red Cross drive.

ARTILLERY BATTALION TO  
JUNE SUMMER CAMP

By LLOYD ALBERTSON  
Battery C, 239th Field Artillery Battalion, is scheduled to attend the Texas National Guard's annual summer camp in June this year, Captain Rudolph Michalka said, according to information recently received from Austin.

The two weeks of field training will be held at Camp Hood from June 19th to July 3rd in conjunction with the 49th Armored Division, to which Battery C is now attached.

Of more immediate interest, Capt. Michalka reported, is the plan being worked out at present for week-end training to familiarize members of the battery with small arms firing. This will be in addition to the regular Tuesday evening drill period. It is expected that Battery C will use the rifle ranges at Camp Hood on week ends for this purpose. Weapons fired will include carbines, pistols, machine-guns and bazookas.

Capt. Michalka also stated that the unit made further progress towards reaching its full strength with the enlistment this week of two more men and preparation of papers on four more. He said the two new Guardsmen are Leo L. Kostha and Johnny J. Barcar. Both are students at local high schools.

A. F. DORNAK SUCCUMBS  
HERE EARLY THURSDAY

A. F. Dornak, 35 year old Freeport man, died in a local hospital at 6:30 a. m. Thursday, March 9 from injuries sustained late Tuesday in a car wreck on Highway 77 near Cameron.

Mr. Dornak and N. G. Vacek of Velasco were on their way to Temple and had taken the highway to Waco instead of 190. As the Chrysler car skidded on the wet pavement near Splawn the machine went out of control and turned over 5 times, being almost completely demolished.

Mr. Dornak's neck was broken and Vacek sustained minor injuries.

The body was at the Marek-Burns Funeral Home and will be taken to El Campo for burial. Mr. Dornak operated an agency for the Humble Oil & Refining Company in Freeport. Surviving are his widow and two sons.

Mr. and Mrs. Sam Deer will spend several days visiting her mother, Mrs. George Hooker in Marlin where they will be joined by Mrs. Deer's brother and wife, Mr. and Mrs. George Hooker, Jr. of Grand Junction, Colorado. After visiting there Mr. and Mrs. Deer will visit their children, Mr. and Mrs. Prothro Deer at Hebronville, Mr. and Mrs. George Deer and Mr. and Mrs. C. S. Greenlees and sons of Freer.

Hoyte Colored School  
Wins At County Meet

Hoyte Colored School No. 2 won a number of places in the county meet held here at O. J. Thomas High School on March 11.

Awards were made to Hoyte pupils in arithmetic with Ralph Simmons and Helen Johnson winning; Piano, Helen Johnson; vocal, Ralph

### MINE STOPPAGE BRINGS RAILROAD LAY OFFS

Two week coal work stoppage which began at midnight to-day had idled 56,375 railroad workers as well as 425,000 miners.

The two weeks strike was labeled by John L. Lewis as memorial to dead miners but in reality may have been ordered as a protest against the appointment of Dr. James Boyd to the Bureau of Mines.

The work stoppage applies to all pits east of the Mississippi River.

The cost to miners alone will be about 68 millions and to this must be added the lay off of rail workers. Then will follow the loss of production in every industry, especially in steel mills.

The time for the Sunday evening services at the First Methodist Church has been changed to 7:30 p. m. The youth fellowship meetings will be at 6:30.

### E. H. Davis Moves To Cameron; Business Manager Newton Clinic

E. H. Davis of Dallas, has moved to Cameron to make his home and is business manager for the Newton Clinic.

Mr. Davis is a native Texan, born and reared in Austin. He was at one time a newspaper publisher in Washington. A young man he has been engaged in accounting and had his own business in Dallas.

Mrs. Davis and their two children, a son 2 and a daughter 5, were due in Cameron Friday. They are looking for a suitable residence and have a number in view.

T. B. Ryan, president of the Rockdale State Bank was in Cameron Monday of the past week on business.

Friends of Mrs. Dell Fuller will be glad to know she is improving and has been removed to her home from Scott and White Hospital in Temple.

### NEW WAVE MAY BRING NEEDED SPRING RAIN

Will Winter stage a comeback? That was the question being pondered by all conscious men Saturday as cold weather was forecast for late Sunday in Texas.

As a matter of fact Winter has always done some last minute thing to make us remember how bad it was. Spring in like a lion and out like a lamb. You've heard that one too all your life and it just about tells the story.

Easter is late and there will be the "easter spell" so winter after all is out there a piece and we may get a hard freeze before the thing is over. A year ago Cameron had 10 degree weather, just about 30 degrees below the temperature we had in March 1949.

Early morning forecasts said that colder weather was moving in to Texas in the upper Panhandle or was hovering near the borders.

Rain may follow in the wake of the new cold air mass and moisture is needed over many sections of the state.

Farming was on in earnest in the Cameron area and no rain is needed now. Heavy frosts featured the weather during the week, searing young vegetation but doing no damage to crops because there are no crops except potatoes and they are a bit late.

### DELEGATION GOING TO AUSTIN NEXT MONDAY

The Milam County Farm Bureau has chartered a bus to go to Austin Monday, March 7 for a meeting with the House Committee on House Bill No. 59 proposing an appropriation of 20 million dollars for Farm to Market Roads to supplement Federal Funds.

The bill has passed the Senate. The Farm Bureau here, said Sam White of the Veterans Agricultural School is going forward for good roads and the organization is joining with other farm groups over the state at the Austin hearing.

The special bus will be parked at the curb near the Ben Milam Statue on the court house lawn and will proceed to Austin. All farmers who wish to attend this meeting are urged to be at the court house at 9:30 for the trip.

This is an opportunity for an expression from all those who realize the great need for better rural roads. As expressed by Mr. White, "Here is our opportunity to get good farm roads. This is it! This is our chance! Let's be there"

### CHANCES GOOD FOR NEW MILLER CONSTRUCTION

Chances of congress appropriating \$2,000,000 to carry on work on the Leon river dam in the new fiscal year are good, Byron Skelton and Hammond Moore told the Chamber of Commerce Brazos river committee Thursday.

The two returned Wednesday night from Washington, where they appeared before a house appropriations sub-committee to urge that the full \$2,000,000 for the dam be appropriated.

While they of course received no specific assurance that the money will be appropriated, both told the committee they believe it will be.

They will prepare a written report of the hearing, which will be submitted to the Central Texas communities cooperating in support of the project: Belton, Mameron, Killeen, Gatesville and McGregor.

Later in the day, Mr. Skelton and Mr. Moore met with the CC military affairs committee, to discuss the proposed creation of a state medical school in unused McCloskey VA hospital buildings.

### San Antonio Sponsor Garden Pilgrimage

Visitors from over the state are expected in San Antonio March 26 and 27 for the twelfth annual San Antonio Garden Pilgrimage.

Six of the city's most outstanding homes and gardens are on the itinerary of this year's pilgrimage which is sponsored by Christ Episcopal Church.

The pilgrimage will be held from noon until sundown on both days. In the event of rain, the event will be held the following week, it was announced by Mrs. Kenneth B. Absher, chairman.

Proceeds from the pilgrimage go to support social work of the church and for the cancer ward of San Antonio's Robert B. Green Hospital.

Tickets at \$1.50 each are available at the Municipal Auditorium, the Chamber of Commerce and hotels throughout the city.

### Cameron Man Returns From Active Army Duty At Itami, Japan

Announcement of the return to the United States for subsequent discharge from the military service of Private First Class Jose G. Valverde, son of J. Valverde, Cameron, was made recently by Colonel Robert W. Witty, Commanding Officer of Itami Air Force Base, Itami, Japan, where Private Valverde was stationed for duty with the Fifth Air Force, the Occupation Air Force for Japan, as a Supply Clerk.

Private Valverde entered the military service at San Antonio, on May 9, 1946 and following completion of basic training he remained on duty in the United States until alerted for movement to the Pacific Theater of Operations in October 1946.

Arriving in Japan at the second major port, Yokohama, on November 14, 1946, Private Valverde was assigned to the Fifth Air Force and subsequently reassigned to the 38th Supply Squadron at Itami Air Force Base on the main Japanese home island of Honshu.

### Baptist Workers To Meet Again April 4

Milam County Baptist workers conference was held at the Little River Baptist Church, March 7, Rev. Donald Rose was host pastor and lunch was served by the women of the church.

Two new pastors have come to the Milam County Association, Rev. P. A. Corkern of Cameron and Rev. Linwood Peterson of Rockdale.

The next meeting of the workers conference will be held at Buckholts Baptist church on April 4.

Mrs. F. W. Cooper of Nederland spent several days last week in the home of Mrs. W. H. Stafford.

Judge Bill Morrison was guest speaker at the Lutheran Brotherhood Tuesday night. His subject was "International Relations."

From where I sit ... by Joe Marsh

### Never Too Late To Learn

Cappy Miller's young son, Squint, is forever coming up with new ideas. Now they're not all world beaters, but Cappy is usually willing to give them a try.

Seems Squint found a new way to clear brush. They take two tractors, about thirty feet apart, and connect them with a heavy chain weighted down on the ground with old iron. First they both go parallel in one direction, then they go back over the same swath in the opposite direction and up comes the brush—roots and all. Worked fine and saved time.

That's why things go so well at the Miller farm. Cappy is open-minded, tolerant of new ideas and new ways of doing. He doesn't think his way is the only way.

From where I sit, a little tolerance will make things go better for all of us. You respect my views and I'll respect yours—whether it's on farming, politics, or choosing between an ice cream soda or a temperate glass of beer.

Joe Marsh

# American Town Adopts French Village As Result "Bad Boy" Film

Through the intervention of Audie Murphy, co-starred in "Bad Boy," Paul Short's Allied Artists production, the little town of Farmersville, Texas, population 500, has adopted all children under the age of 10 in the French village of Ramatuelle, a town of like population. "Bad Boy" comes to the Cameron Theatre on March 17 with Murphy, Lloyd Nolan, Jane Wyatt, James Gleason, Martha Vickers and Stanley Clements in the starring roles.

Adoption of the youngsters resulted after Audie's direct appeal to the mayor of Farmersville, R. B. Beaver, following Murphy's visit to Ramatuelle last summer, when he was called to France to receive that country's highest military honors.

Audie received word of the mass adoption on a sound stage at Allied Artists while doing a scene for "Bad Boy." It arrived in the form of a letter from Henri Battini, mayor of Ramatuelle, which included the fervent thanks of everyone in the village.

Ramatuelle, which is five miles inland from St. Tropez, was the first town entered on D Day, August 15, 1944, by our Seventh Army, in which Audie served as a private and later as a lieutenant.

It was during his visit to the village last summer, when he noted the lack of milk and cocoa for the children there, that Audie was prompted to appeal to the people of Farmersville, his home town, for help. Approximately 75 French children will benefit from the food shipments.

# REMOVAL OF CEILING IS FINALLY IN SIGHT

AUSTIN, March 8—Two proposed Constitutional amendments aimed at improving the State's assistance for its aged and needy were voted by the House and sent to the Senate today.

Two other Constitutional amendments—one to raise Legislators' pay and another to authorize creation of rural fire prevention districts—also won one-house approval. All proposed changes in the Constitution must have two-third approval in each house before they go to the polls for a vote of the people.

Following swiftly on the heels of that action was the approval tonight by House Highways and Road Committee of its second rural roads bill.

By unanimous voice vote, the group approved Senator Neveille H. Colson's bill providing 15 million dollars a year for hard-surface secondary roads.

Only House endorsement is now needed to send the measure to the Governor. He is for the bill.

Donald Streetman, son of Mr. and Mrs. Emmett Streetman is among the patients in Newton Memorial Hospital.

Judge W. A. Morrison will speak at the annual Business and Professional Women's banquet at the Falls Hotel at Marlin Thursday, March 17.

## Farm Bureau Day Here Brings 1000 People; 4-H Girls Featured

The Milam County Farm Bureau Day was well attended February 17 with about 1000 people.

The County Extension Agents co-operated with this farm organization by helping in planning the program for the day.

Educational exhibits were set up by the H. D. and 4-H club girls and cakes and home made candy were sold, the money going to the club funds.

The council exhibit was that showing the steps and method of making service trays. Hand work, rugs, woodcraft, cakes, home made breads, home made candy, aprons and various other things made by H. D. club women and 4-H club girls were also on exhibit. All clubs both 4-H and H. D. were represented.

A cotton exhibit was set up by County Agent.

The Milam County Gold Star girl, Dorothy Hubnik and her teammate, Olga Horelica gave the skit, "Its time to shine" as a number on the morning program. Mrs. Frank Hanel, a H. D. club woman, Dorothy Hubnik, a 4-H club girl and a 4-H club boy were interviewed by Mr. Murray Cox over his 12:15 broadcast.

A feast was enjoyed by all shortly after the broadcast.

The evening program was mostly information pertaining to Farm Bureau Organization given by District Representatives.

Henry Shuffield of Austin, former resident here, paid a visit to his home city and relatives early this week. He has been employed in Austin for some time.

## Here's how you can celebrate Easter

What does Easter mean to you? Sunrise Services . . . new spring clothes, baskets of gaily colored eggs for the children?

It means that Easter Seal time is here again, too. It means that through these seals you'll be helping crippled children in your own community to a better chance in life.

The money you contribute by buying Easter Seals is used for this one important purpose . . . to provide handicapped children with adequate medical care . . . with wheel chairs and braces and a lot of other things they need.

It's used to give them specialized vocational training . . . healthful recreation . . . a chance to go to camp in the summer . . . to swim and romp and play games like other kids.

So why not celebrate this Easter by buying more Easter Seals. Remember,

**Every Easter Seal you buy helps a Crippled Child**

## DEMAND RURAL ROADS AT HOUSE DEMONSTRATION

AUSTIN, March 7—Hundreds of Central Texans were among big-hatted, hard-handed farmers who swarmed the State Capitol today demanding legislation to get them out of the mud.

Bun Raley of Valley Mills, vice president of the Texas Rural Roads Association, estimated that 5,000 of the farmers and ranchers were in the capital from all over the State. They swamped the eating houses and milled in hotel lobbies.

They were in Austin for tonight's public hearing on a natural gas tax bill by Representative C. S. McLellan of Eagle Lake. He says its primary purpose is to finance "real farm roads."

McLellan's bill would levy a production tax of one cent per 1,000 cubic feet on natural gas.

The income would be used for farm feeder roads built of such materials as gravel, caliche and shell, designed to give as many farm houses as possible an outlet to secondary or primary roads.

McLellan has another bill that would provide 15 million dollars a year for expanding the present farm-to-market road-building program. He is afraid it and other pending rural roads measures would not be used for the type of road he wants.

Representative R. B. Spacek of Fayetteville said he hadn't seen a descent on the Legislature like it in his five terms in the House.

Among organizations represented by the country road boosters were the Texas Rural Letter Carriers Association, the Texas Rural Roads Association, the Texas Farm Bureau Federation, the Texas Judges and Commissioners Association, the Texas Grange.

## O. J. Thomas Students On Honor Roll At Prairie View College

Among 21 O. J. Thomas High School students now attending Prairie View College, five have made the honor roll.

Among these was Aaron Curington of the class of 1947 made the highest grade of all 2200 students in the College, with a grade of .3 or 6 A's. Others on the honor roll were: Hubert Lee Lewis, J. P. Johnson, Marcellus Harmon and Willie J. Anderson. Three of these students are attending the College on the Jesse Jones Scholarship.

## Barkley Says US Must Set Example In Democracy

Vice-President Alben W. Barkley said Saturday night in Louisville, Ky. the United States must set an example in democracy for other nations to follow.

The vice-president, in a speech prepared for delivery at the annual Jackson-Jefferson Day dinner, said he has pledged himself to do all possible in helping President Truman carry out "the great commitments" they made as candidates.

Approximately 800 guests paid \$50 each to attend the dinner.

Fritz Glaser of Buckholts visited in Cameron Saturday of the past week.

## To The People Of Cameron

Mrs. Cook and I feel that just to say "thanks" to the fine people of Cameron very inadequately expresses our sincere feelings for the innumerable acts of kindness shown us and our daughter, Rita Jean, while she was confined in the hospital in your fine city.

Never have we known a town where people seemed as nice and so very willing to help shoulder a burden as the people of Cameron have during our stay there.

If this great world were made up of more people like you, we would never have to worry about its future. May God bless each of you.

DR. V. R. COOK,  
San Marcos, Texas.

John Hairston has returned from a visit with his daughter, Mr. and Mrs. A. R. Ritchie in Brownwood.

## Mrs. DeArmond and Children Arrive at Japanese Air Base

HEADQUARTERS, 314th AIR DIVISION, APO, JAPAN — 1st Lt. Velfort J. DeArmond recently welcomed his wife, Barbara, and their two children, Barry, age 2 and David, age 1. DeArmond is the son of Mr. and Mrs. V. J. DeArmond, Sr. of Greenwell Springs, La. and Mrs. DeArmond is the daughter of Mr. and Mrs. L. V. O'Neil, 605 N. Houston St., Cameron.

DeArmond took leave from his organization to be with his family at one of the Japanese Rest Hotels being used by the occupation forces. They will reside there for a short time until they receive quarters on the air base. The lieutenant is with the 314th Air Division serving with the training section; an assignment that makes him responsible for the

coordination of the training program, especially in the field of training aids.

Graduating from Foster Field, Texas in 1942 he participated in the North African Campaign, receiving the Air Medal with cluster and the Bronze Star. During the campaign he was captured by the enemy but later made good his escape from the prison camp.

A graduate from the Pride High School, Pride, La., he attended the Louisiana State University and from 1939 to 1941 served as chemical lecture demonstrator at the University.

Printing is a home industry.

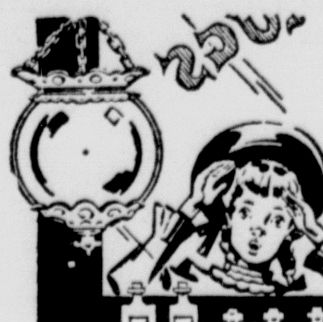

## Beer Bar Operator Fined \$100 For Gun Totin' and Fighting

Juan Garcia, operator of a beer bar and cafe in Rockdale was fined \$100 in County Court here Thursday for carrying pistol.

To the fine will be added the costs of court. Garcia was also charged in Justice Court in Rockdale with drunkenness and engaging in a fight. There he was fined, the amount including costs totaling \$90.00.

A. D. Lagrone spent the week end in Milano with his parents.

## Elimar Horstmann of Buckholts Is Honor Student At STSTC

Elimar Horstmann of Buckholts is among the 333 students at Southwest Texas State Teachers College listed on the fall semester honor roll, representing 18 per cent of the student body.

Students are placed on the honor list if they have an academic average of "B" or higher.

Mrs. Oscar Patillo and Mrs. Dick Depew and son Billy shopped in Temple Tuesday of the past week.

## 17 STUDENTS AT GRAHAM HIGH SCHOOL BURNED

An explosion in the laboratory of the Graham High School badly injured 17 students and one instructor.

The explosion occurred during an experiment with sulphuric acid. Five of the students were said to have been critically burned and all were hospitalized.

Faces of the students and instructor were sprayed by the acid.

Superintendent J. T. Gilmer said that five of the students were taken to the Graham hospital in ambulances.

The explosion occurred at 10:30 a. m. while a class in chemistry was engaged in the laboratory in an experiment with the acid.

It was feared that some of the more critically injured might lose their sight.

## RESERVISTS MAY RE-ENLIST

Members of the enlisted reserve corps of the army whose enlistment has expired or will expire in the next 30 days may re-enlist here on March 17, 22 and 29 it has been announced by the recruiting service.

Rev. Corkern will be honor guest at the Brotherhood meeting to-night. He began his duties with First Baptist Church here last week and was in the pulpit at both worship hours Sunday.

## VISHINSKY TO REPLACE MOLOTOV IN HEAD POST

The Bolsheviks in Moscow startled the capitals of the world late Friday when they announced that V. M. Molotov as Soviet Foreign Minister will be replaced with Andrei Y. Vishinsky.

The Red radio in Moscow made no explanation of the government shake up merely stating that Molotov had been relieved "from the duties of Minister of Foreign Affairs. He has been assigned to become Deputy Prime Minister of the Soviet Union.

Whether the stubborn Molotov will soon replace Stalin is being speculated upon. Both are bitter enemies of western powers, especially the United States.

The change came at a critical moment in relations between the United States and Russia.

Vishinsky engaged in bitter tirades against the Western Powers at recent meetings of the U N convention in Paris and drew blame for all the failures there.

So far as recent developments indicate no more bitter enemies of the United States could possibly have been set at the head of the Bolsheviks. Corkscrew diplomats were trying to read into the developments a lessening of tension. More practical observers believe that war may now come.

Mr. and Mrs. Marvin Lunsford, son of the late Dan Lunsford announce the arrival of a daughter born in a California hospital February 28, 1949. The baby weighed seven pounds and 11 ounces and has been named, Linda Ann.

Chas. Hicks made a business trip to Bastrop Monday of this week.

## THE CAMERON HERALD

MARCH 17, 1949

## PROMOTIONS IN GUARD ARE ANNOUNCED HERE

A number of enlisted men of Battery C, 239th Field Artillery Battalion received promotions this week it was announced during the unit's drill period on Monday evening.

Guardsmen being promoted included the following, Captain Rudolph Michalka said:

Cpls. William S. McLean and Priestley B. Tindall to Sergeant; Pfc. Eugene A. Michan and Lenhart E. Mraz to Corporal; and receiving promotions to Private First Class were Pvs. Clarence A. Hanel, Arnold R. Ondreas, Leo L. Porubsky, Bose E. Robinson and Louis A. Zavrey. Also Ret. Marshall N. Barrett was promoted to Private.

Reporting on other developments in the National Guard unit, Capt. Michalka said that enlistments are continuing to be made in the battery at a steady rate. At present enlistment papers are being completed on several applicants, and one man was sworn in during last Monday evening's drill period. He was Paul T. Nabours, a local high school student.

Capt. Michalka said he wished to repeat the invitation to anyone interested in learning more about the National Guard to attend the weekly drill periods at the armory on Tuesday evening.

## Alaskan Forces To Be Doubled; East To Keep Men

The Army has announced plans to double its Alaskan forces and to maintain its troop strength in the far east at the same levels of a year ago.

At the same time it said U. S. Army forces in Europe will be cut slightly under the deployment schedule for the fiscal year starting July 1.

Under this schedule the Army will have 127,000 men in the far east, 13,200 in Alaska and 92,000 in Europe. All told it will have 258,000 men overseas out of a total of 677,000 allowed under the proposed new budget.

The Army issued a summary of next fiscal year's operations primarily to explain how it intends to use its manpower quota determined by the \$15,000,000,000 budget ceiling President Truman set for the armed forces.

The report, however, also served to dispute published rumors that headquarters planned to cut down on American strength in the far east.

The monthly meeting of Womens Council of First Christian Church met recently at the home of Mrs. W. G. Harsha, with Mrs. A. L. Witcher as leader for the program. A discussion of China was given. Refreshments of cake and coffee were served following the program.

## Rockdale 4-H Club Girls Map Program

The eighth and ninth 4-H girls met with their 4-H agent, Mrs. Isabelle Moody, February 15. Two sponsors were at the meeting. They will meet with the girls when Mrs. Moody can not attend. The meeting came to order and the minutes of the last meeting read. The roll was then called. The girls sang their club song and repeated the prayer and pledge. The meeting was then turned over to Mrs. Moody. She gave a demonstration of placing a pattern on the material. She gave advice on cutting out your garments and how to save the material.

All but two of the girls have paid for their year books. We sincerely wish every girl who has a chance would join the 4-H club and share the fun we do. The meeting was adjourned with plans for a happy 4-H year and the years to follow.

Helen Jane Bailey, Reporter

## No Jobs On Leon Dam Available Yet

With preliminary plans for the construction of the Leon river dam still being prepared, N. R. Ricker, area engineer at the Belton Corps of Engineers office today in reply to many inquiries announced that his office has no job openings at the present time.

He further stated that the Corps of Engineers hires its personnel through the civil service system while contractors engaged by the Army Engineers make their own arrangements.

However, at the present, no contractors have been selected and actual starting date for the construction of the project has not yet been announced.

## Measles, Mumps Lead Diseases

Measles and mumps continue to head the list of communicable diseases in Texas, the State Health department reported today.

For the week ending Feb. 19, there were 2,684 cases of measles, compared to the seven year average of 731 for the week.

There were 538 cases of mumps reported, including 98 in Jefferson county. The seven year average for the week is 269.

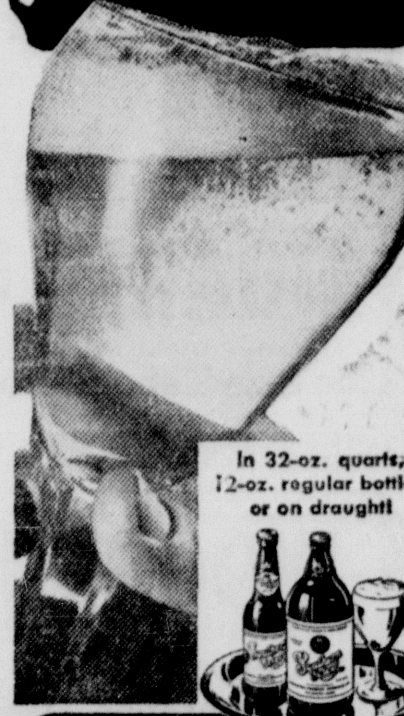

Mr. and Mrs. Walter Eickenhorst of Temple have announced the arrival of a son born February 11, 1949, at Kings Daughters Hospital, and has been named Roy Edward. Friends in Cameron will remember Mr. Eickenhorst, who is a veteran of the last war, having served in the Pacific theatre of operation and was held prisoner for several months in the Philippines and Japan. He is now employed with The Home Furniture Company in Temple.

Mrs. Kate Witt of Burlington was in Cameron Thursday on business.

## Kite flying time is here!

It takes good judgment to fly a kite properly... but that makes it more fun! Wonderful, windy March days provide the best kite-flying weather... but gusty winds are tricky. Just as airline pilots observe flying rules for the safety and pleasure of their passengers... top-flight kite flyers can double their fun and have a high safety record by following these simple rules:

**FIRST:** Fly your kite in open spaces where there are no electric lines!

**SECOND:** Do not use metal or wire in your kite string!

**THIRD:** If your kite should get tangled in electric lines, do not climb the pole or try to get the kite loose with a pole or stick.

Call your electric service company!

# Don't let the squeaks drive you crazy...

Your car probably needs Humble charted lubrication now. Most cars do. It's necessary maintenance every 1000 miles, or once a month. We know how to take out the squeaks.

...pass that worry on to us"

Your car will look a lot better if you'll let us wash it, too.

A wash-job doesn't cost much, it will make you proud of your car's appearance.

Just a reminder

Differential and transmission lubricants should be changed every 5000 miles. Takes 15 minutes, may save you \$150.00.

New oil at regular intervals will make your engine last longer, run better

We can drain your crankcase oil and replace it with Humble Esso Motor Oil while you wait.

The Humble dealer in your neighborhood is a progressive merchant who supplies you with a variety of products and services to keep your car running right and looking good.

## Sharpe Home Makers Featured In Style Show At Specialty Shop

In an informal style show at the Specialty Shop last week the Future Homemakers from Sharpe High School participated. Among those who modeled new spring and summer dresses were: Floye Nell Caffey, Loretta Walker, and Martha Garner. Other styles featured on the show were Easter frocks, hats, sun dresses formal dresses, play clothes and lounging attire. The new fabrics of shantungs and linens were shown and explained by Mrs. Bonnie Donovan.

Others than the Home Economics teacher, Miss Louise Sheppard present were: Doris Gamble, Eleonora Piske, Minola Fay Bean, Mary Ruth Felicek, Beverly Garner, Betty Jo Cummings, Joyce Rigby, Beatrice Schneider, Minnie Lee Merka, Mrs. John Skelton, Jay Dean Cummings, Stella Walker, Mary Lee Thompson, Dorothy Alexander, Arlene Janke, Jeanie Stephens, Thelma Lovelace, Bobbye Love, Sue Drummand, Frances Cummings, Joyce Lock, Margie Lynn Walker, Virginia Winfrey, Mary Munoz, Marietta Collier, Rosemary Burke, Faye Garner, Juanita Cryer and Betty Ray Burdette.

Following the show refreshments were served.

## HALF OF COUNTY QUOTA MAY HAVE BEEN PAID

A total of \$2,349.86 has been reported for the current Red Cross drive, said Miss Myrtle Hinton, publicity director, Friday.

It was estimated that substantially half of the county's quota may have been subscribed as a number of communities were reported through with the canvas.

A. W. McCullin, campaign director, feels that the campaign may be ended by March 15 with the quota of \$5,740.00. The campaign was well organized.

Albert Collins has reported \$972 from special gifts in the city. Cameron has a quota of \$2,200.00.

Miss Hinton said that Frances Vogler, district representative for the Red Cross, and working out of the St. Louis office has been in Cameron in connection with cases originating in the Texas City disaster. A number of Cameron people were living in Texas City and some lost their lives. The Red Cross is aiding their families.

Miss Volger was also scheduled to go to Graham, Texas to look into the recent school blast there. Miss Hinton said that some of the injured pupils will have to resort to plastic surgery to restore their faces.

The Red Cross is on the job.

## Re-Burial Sunday

LT. WINFRED R. RUSSELL

## SERVICES HERE SUNDAY FOR BOMBER PILOT

The body of Lieut. Winfred R. Russell, Army Bomber Pilot who was killed in action in the air war over Italy, arrived in Cameron at 3:15 a. m. Saturday, March 12 for reburial in the North Elm Cemetery.

Funeral services will be held at 2:00 p. m. Sunday, March 13 from the Chapel of the Green Funeral Home in Cameron by Rev. R. L. South, Pastor Yarellton Baptist Church with interment in the North Elm Cemetery.

Full military honors will be arranged by the Posts of American Legion and Veterans of Foreign Wars and the Military Escort with the body.

Lt. Russell was the son of Mr. and Mrs. Charles E. Russell of Yarellton. Pall bearers will be Kermit Fuller of Waco, James (Dock) Fuller of Rockdale, Elvis Lott, Corpus Christi, John Barrett, Honey Grove, Barbee Barrett, Kinard Griffin, Alton Bryant and Rodney Barker all of Yarellton.

Lieut. Russell was born and reared at Yarellton and was a member of the Baptist Church in that community. He was killed in action over Italy on April 5, 1944 while on a bombing mission. He was the pilot of a B-24 Liberator and had been in active service for about 3 years.

At the time of his death he had taken off from his Mediterranean base on a combat mission. Shortly after his death the Purple Heart was awarded and the late President Roosevelt made the posthumous award to his parents at Yarellton.

The body recently arrived in New York aboard a memorial ship. He was 24 years old at the time of his death.

Lt. Russell was born at Yarellton and was a graduate of Yoe High School in Cameron. A brother Sgt. LeRoy Russell, served in the ground forces of the Army Air Corps and was based in India.

## Highway Patrolmen Here Urge Caution Result of Accidents

Highway Patrolmen Higginbotham and Gaines have issued a special appeal to motorists to observe the law on safer driving as the result of a number of fatal accidents here in recent weeks.

They say that several recent accidents can be attributed to slick roads. The following is quoted from the Traffic Laws, Section 8:

"No person shall drive a vehicle on a highway at a rate of speed greater than is reasonable and prudent under the conditions then existing, having regard to the actual and potential hazards when approaching and crossing an intersection or a railway grade crossing, when traveling upon any narrow or winding roadway, or when special hazard exists with respect to pedestrians or other traffic or by reason of weather or highway conditions."

## Folks'd Hate To Give Up The Dinkeys

Down around Yoakum, the folks "set a great store" by the dinkeys.

But the railroads want to stop running the dinkeys and lots of other passenger service on small lines in Texas, Senator Strauss of Hallettsville says.

So Tuesday afternoon the senator asked the Senate State affairs committee to approve a bill making the railroads that wanted to abandon passenger service prove:

1. They aren't making any money.
2. The folks don't want to ride.
3. The railroads have made an honest effort to entice the folks to ride.

The debate took some peculiar turns, even to a rather detailed discussion by a representative of the railroads on the subject of why people don't like to ride railroads—some railroads, anyway.

Mr. and Mrs. J. B. White were week end visitors in Houston.
